

KUHIO BEACH, WAIKIKI SANDBAG STUB GROIN

WBSIDA
Waikiki Beach
SPECIAL IMPROVEMENT
DISTRICT ASSOCIATION

Project Construction:
November 4th-30th, 2019
Monday-Friday 7am-5:30pm

The Waikīkī Beach Special Improvement District in partnership with the Department of Land and Natural Resources (DLNR) is kicking off a new beach improvement project for Waikīkī Beach. The project includes:

- A 95 foot-long x 18 foot wide x 4.5 foot high sandbag stub groin;
- The transfer of 700 cubic yards of beach sand from the Diamond Head swim basin of Kuhio Beach to the area between the groin and the Ewa rock groin at Kuhio Beach.
